BODY BROUGHT HERE.

James M. Blanton, Who Died on Train Sunday Near Garrison.

Monday's LEDGER made mention of a man being found dead in a coal car of the C. and O. at Garrison with the supposition that he belonged in this city.

This proved the case.

Deceased was James M. Blanton, aged 53, a resident of Elizabeth street.

His wife was on a visit to Portsmouth, and Saturday night he boarded a freight for that city, dying of heart trouble on the train.

Besides his wife he leaves one daughter, Mrs. Ida Tolle of this city.

The body was yesterday brought here, and the interment will be in the Maysville Cemetery this afternoon.

The members of the Church and the friends of the congregation are especially invited, as this will prove a very interesting service.

MEMORIAL DAY.

D. W. McClung of Cincinnati to Be the Orator in Maysville.

A movement is on foot in this city to have a more general observance of Decoration Day on Saturday, May 30th, than has hitherto been known here.

As it is perfectly proper in the premises, the old soldiers have taken the initiative and have invited the entire citizenship to join with them in making this a memorable occasion.

Members of the various Fraternal Orders are invited to participate in the decoration of the graves of their departed brethren, and it is hoped that there will be a generous response to the invitation.

Colonel D. W. McClung, one of the most scholarly men in the Ohio Valley, will deliver the address at Dieterich's Park at 2:30 o'clock p. m.

The Redmen's Band has been engaged for the exercises and there will be splendid vocal music as well.

MINERVA COLLEGE.

Exercises Last Evening Most Entertaining and Instructive.

Thronged to its fullest, and out on the amphitheater of nature, the people of Minerva and contiguous territory last evening witnessed the closing exercises of the Minerva College, which were held in the Baptist Church of that little town.

The exercises began at 7:45 through an invocation by Prof. C. K. Dickey of Dover. The choir gave a sweet anthem, "Let the Hills Be Joyful," then the Principal of the College, Prof. E. L. Gillis, introduced President Burris A. Jenkins of Kentucky University, Lexington. Most felicitously did he preface his address, saying he had heard and read of Minerva ever since he was born—of her beauty and wisdom, and now he had the high privilege of seeing her face to face; and then launching into his theme "Education," he spoke eloquently for forty minutes. His style of oratory is free, his flow of language easy and charming, his manner most inspiring and magnetic, while his material used was simple, scholarly and apt.

Following Prof. Jenkins Mrs. Robinson sang a solo, assisted by the choir.

Congressman Kehoe was next introduced to deliver the diplomas to the graduates. He was at his best and spoke not only eloquently but so feelingly as to impress both his audience and the members of the graduating class.

Miss Jessie Yancey interspersed the exercises with a most amusing recitation "The Jiner." She told it splendidly, and at its conclusion a vociferous outburst of applause showed such appreciation that she gave another number, "Sandolphin," which, though the opposite of the other, was done equally as well, showing her great versatility.

A song by the choir, followed with a duet by Miss Anna Boyd and Dr. Pollitt, were pretty and well rendered.

The graduates last evening were Miss Julia Worthington of Murphysville, Miss Retta Hawes and Mr. Edgar B. Hawes of Minerva.

The school is under the direction of Prof. E. L. Gillis, and its present high standard in the educational world is due to his splendid efforts.

The benefactor of Minerva College was an humble member of that community, who, having been denied the privilege of any schooling, devoted his amassed wealth to help the posterity whom he loved—a true humanitarian and a noble citizen.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by J. Jas. Wood & Son, Druggists.

The Cincinnati Commercial Tribune says the verdict in the case of the Commonwealth of Kentucky against JAMES HOWARD for the killing of Senator GOEBEL is something of a surprise. He was either guilty of a cold-blooded murder to the point of deserving death as his punishment, or he was innocent of all complicity with the crime. It is difficult to believe that the Jury thought him guilty and contented itself with the life sentence it imposed. It is evident the Jury refused to believe HENRY YOUTSEY's wonderfully-contradicted and thoroughly-contradicted story. If the Jury believed him the verdict would have been followed by an imposition of the death

sentence. The Jury did not believe him, but gave the lesser penalty in the undoubted belief that time, which evens all things, would eventually demonstrate the actual facts in the case and put the guilt of the murder on the shoulders which ought to bear it—the shoulders of HENRY YOUTSEY. His story can be interpreted only as the story of the man who himself fired the shot and, being abandoned by his co-conspirators, is seeking to throw the blame on anybody whose shoulders seem fitted for the burden.

That there is reason in that view is borne out by the fact that on the first trial of HOWARD the death penalty was imposed and YOUTSEY was not a witness. With YOUTSEY as a witness, with a story unparalleled for detail, but contradicted in all particulars, with the complete testimony adduced on the first trial also given to the Jury on the last trial, the death penalty is not affixed to the verdict of guilt, but a life sentence in the Penitentiary. Evidently the Jury did not believe HENRY YOUTSEY, and equally evident that HOWARD was worthy of the sentence of death, or a verdict of not guilty. He was either guilty to the point of deserving death, or he was not guilty in the slightest degree.

A Medicine That Goes to the Root of the Trouble and Cures to Stay Cured by Giving to the Weakened, Sluggish Organs the Energy, Vigor and Tone Necessary to Successfully Perform Their Several Duties.

A NERVE TONIC NEVER EQUALED

THIS SHAPED BOX—NO OTHER

Every day sees an army of worn-out women dragging themselves to work or forcing themselves to attend to their household duties—women whose whole trouble lies in an over-strain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair because they know nothing of the wonderful power of the Dr. A. W. Chase Nerve Pills to give them back their health, strength and vitality by their ability to resupply the lost nerve energy, to build up the system, to manufacture good, rich blood and give increased weight by making the digestion strong and vigorous.

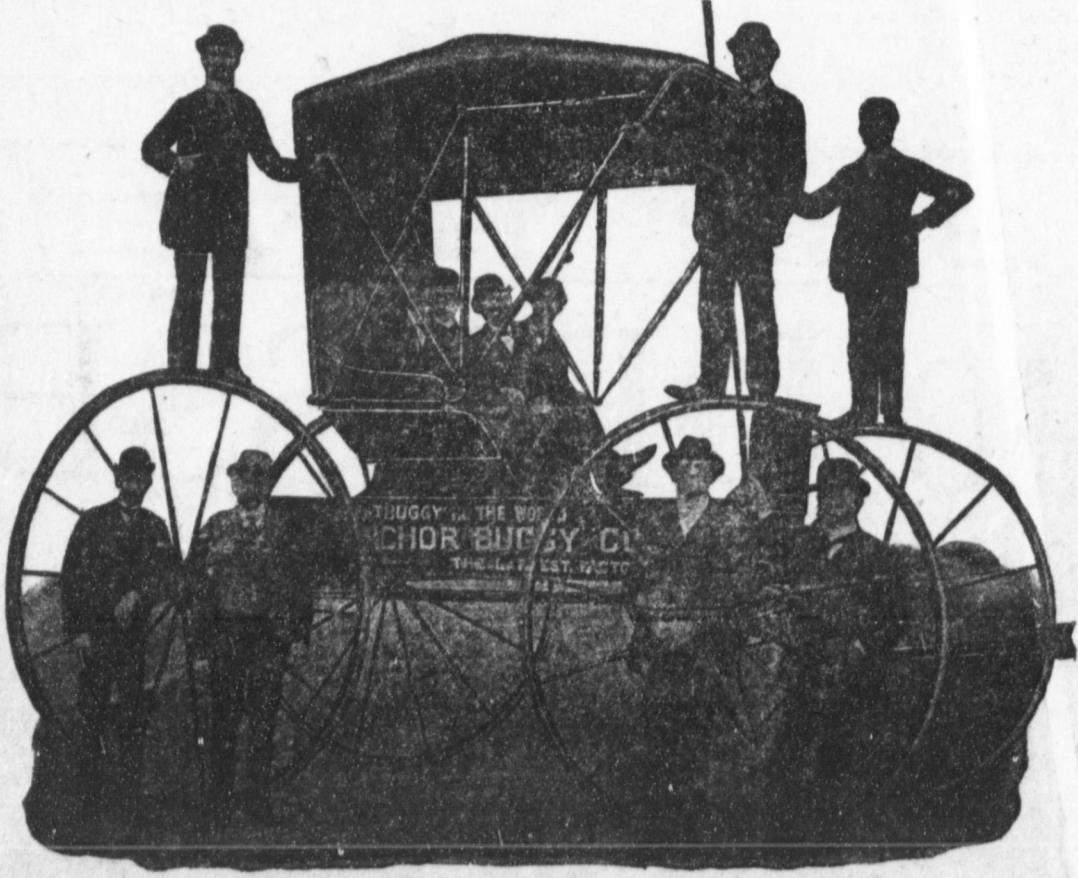

NEWARK, N. Y.

Mrs. Ella Smith of No. 48 Miller street, Newark, N. Y., says:
"Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not rest nights, blood thin, the appetite poor, hands trembled—I was indeed in a low stage of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills, and though everything else had failed these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well, the nervousness and trembling gone, the blood rich and my strength back. They are a grand medicine and as a consequence I am again vigorous and strong in every way."

MAYSVILLE, KY.

Mrs. Mary Hampton of No. 519 Second street, Maysville, Ky., says:
"I was bothered for some time with severe nervousness, sleeplessness, dizziness and generally run down. Hearing of Dr. A. W. Chase's Nerve Pills, I got a box to try them. Now I can say my nerves are steadied, I sleep well, am not bothered with dizziness and my health is generally improved. I can recommend these pills as an excellent nerve tonic. They are for sale at Chenoweth's Drugstore."

The above illustration shows the famous JUMBO BUGGY, built by the Anchor Buggy Co. of Cincinnati and on exhibition at Klipp & Brown's. This immense buggy is the largest ever manufactured, and is built on a plan of four times the regular specifications of the ordinary vehicle. The height is again as great as the ordinary shop buggy with 42-46-inch wheels. If you were to take eight buggies and pile them two high, two wide and two deep it would give you the exact width, height and length of the Jumbo. The wheels of this buggy are 7 feet 4 inches in front, 8 feet 2 inches at the rear. The bed is 112 inches long, 44 inches wide, and the total height from the ground to the top is 18 feet, and the vehicle will carry easily and comfortably twelve people. The manufacturers, Anchor Buggy Co., have the distinction not only of building the largest buggy in the world, but also of building the best buggies in the world, and their immense trade is the result of furnishing good goods at fair prices.

AN EMPHATIC ANSWER

To all of that "Tommy Rot" that the Trust men have been feeding you! They were only "Guying" you! They are paid to sell you Trust machines at a big price! They have to offer some excuse for trying to sell you a light-weight, cheaply-constructed and inferior Binder at an advanced price! They dare not admit the truth! If they did no one would buy a Trust machine. So they all tell you that a Minnie Binder is "no good," while we tell you it is the best one on earth. **READ THIS STATEMENT AND DECIDE FOR YOURSELF WHO HAS LIED!** Some one is guilty!

FEESBURG, OHIO, April 21, 1903.

This is to certify that I have owned and successfully run for seventeen years a Minneapolis binder which has at any and all times given me complete and absolute satisfaction. This binder that I own—seventeen years old—is a matter of neighborhood gossip. The entire neighborhood knows just what this binder has done, as during that time I have continually cut wheat for my neighbors. This binder has been all over the neighborhood in the past seventeen years; has cut any and all kinds of grain, over any and all kinds of land, and is absolutely nonchokable. The same canvasses that were on the machine when I bought it are there yet, and I challenge any other binder to show a record of as many acres cut as this machine has cut, seventeen years old. I have practically spent no money for repairs upon this machine all during this time. Other binder companies knowing the age of this machine have all sent their salesmen to sell me a binder of some other make. To each and all of these agents I have made one, and only one reply, you could not give me anything but a Minneapolis binder. If anyone doubts the assertions made in this statement, they have only to ask any farmer in our neighborhood. There are some young farmers living in our neighborhood who remember distinctly that this binder cut their father's harvest before them. I wish to say to my brother-farmers that if they ever own a Minneapolis, they will own an Acme of perfection in binder building.

My address is Feesburg where I can be found at any and all times and I solicit communication in person or by mail by man, woman or child who is interested in this matter.

Very respectfully,

LOUIS LOVE.

Gentlemen of Mason county: Mr. Love's old Binder is here in front of our store upon exhibition. Mr. Love only lives fifteen miles from Maysville. You can call upon him and his neighbors and see what this old Minnie has done. This old machine is guaranteed to yet cut 100 acres of grain. Come and look at this old warhorse; see the excellent condition it is yet in! Look at the gear and cog wheels and learn for yourself the excellent grade of material which goes into the construction of a Minnie Binder.

Important Announcement of the Maysville Gas Company.

Per Thousand
Under 2,000 cubic feet.....\$1.50
Over 2,000 cubic feet and under 3,000 cubic feet.....\$1.25
3,000 cubic feet and any amount over.....\$1.00

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered, that on and after the 1st day of April, 1903, the above sliding scale price of gas for all purposes, fuel and illuminating, should go into effect for private consumption.

All rates and discounts heretofore made are abolished.

It was also ordered that after the 1st of April the old rule of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and indiscriminately enforced, regardless of whom it may concern. (This action was taken, not to appear arbitrary, nor with the idea that the accounts of the consumers were not perfectly good any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the Company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the Company's Agents and employees, now so largely occupied with this work of collecting, might, for the balance of the month, be directed towards giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that, beginning the first of May, and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall thereafter be due and payable at the office of the Company on Court street within five days, and if not so paid gas will be promptly shut off.

The Gas Company further announces that after the first day of April they will handle and sell at cost price to gas consumers any of the great variety of Gas Stoves and Ranges shown in the catalogue of the Detroit Stove Works, which price will be equivalent to 50% discount from the list prices in said catalogue. Said stoves will be sold for cash only, or according to the terms of a printed lease, whereby each buyer pays an extended period of from twelve to seventeen months. For instance: Take a gas range listed in catalogue at \$25; the Gas Company will sell this range to consumer for \$15 cash, or for \$2.50 cash at signing of lease and 60¢ per month for seventeen months, at the expiration of which time the range is sole property of consumer.

The Company has selected to handle the Detroit Jewel Gas Range on account of its known reputation for durability and economy in its consumption of gas.

The Gas Company will also handle at cost the fixtures and mantels of the Weisbach Company in all of their many attractive varieties. Before closing this announcement the Gas Company wishes to publicly express its appreciation of the eminently fair, just and courteous treatment accorded them by His Honor, the Mayor, and Board of Council, particularly the Chairman and members of the Gas Committee, through whose efforts in behalf of the private consumers the above concessions in the price of gas are now made.

With the assurance to the citizens of Maysville that it will be the earnest effort of the Company and its Agents to give you the very best service at the very least cost, we beg to remain, very respectfully,

MAYSVILLE GAS COMPANY.

P. S.—On and after the 1st of April the Gas Company will have on exhibition at the plumbing establishment of Mr. Larry Langefels samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the Gas Company, Mr. Langefels or your regular plumber, with either of the latter of whom you will have to make arrangements for connecting and fitting up range for use in case you place your order.

Miss Margaret Ingels, who stumped Kentucky for Bryan for President in 1900 and who is well known here, now holds a clerkship at Washington, D. C.

The monthly business meeting of the Epworth League of the Third Street M. E. Church will be held at the Church this evening at 7:30. The annual election of officers will take place; also, delegates to the District Convention, to be held at Augusta, will be selected. A full attendance of officers and members is earnestly desired.

The Ins and Outs of Soda Crackers

Soda crackers fresh from the oven are good—delicious
—if exposed to the air they quickly lose that goodness—
much of it in a few minutes—most of it in an hour—
all of it in a day.

—That's why the common kind, the paper-bag kind,
have lost their flavor before you get them.

—In Uneeda Biscuit
there's a difference—a big difference
because they are packed at the oven door
in the In-er-seal Package—
identified by the famous red and white trade mark design—
which preserves the goodness of biscuit;
is airtight and germ proof
and holds within
the oven-fresh flavor of Uneeda Biscuit.

—and keeps without
the undesirable flavors of all other things
—that's one reason why
millions buy Uneeda Biscuit.
Another reason is the price—

RATHER ODD FIND!

Colonel B. Zeff "Unroofs" a Lot of Uncle Sam's Muskets.

A few days ago Mr. B. Zeff removed the iron roof of the old gasworks in West Second street, having bought it for junk.

Under a portion of it he unearthed—or more properly "unroofed"—fifteen old-time United States muskets, some with fixed bayonets, and nearly all having initials of their former users cut on the stocks, as was the custom of Civil War soldiers.

There are several "theories" as to how these guns got there, the most plausible of which is that they belonged to the Home Guards during the War, and upon their disbandment were put in this out-of-the-way place to avoid capture by the "Johnnie Rebs" in case the latter should invade the city.

After the War they were either forgotten, or being of no further use were allowed to remain from sheer neglect, until now they are so rust-eaten as to be of no practical value.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
